

TELEMATICS Networking & Communications (hereinafter referred to as “the Company”) is committed to prevention of injury and ill health injury and to continually provide a safe place of work for all personnel working under control of the company, and reducing the impact of its operations and processes on the environment to minimize environmental discharges; through a process of continual improvement and the implementation of standards and controls that continually improve the application and performance of the management system.

TELEMATICS will fulfill this policy through embracing the following objectives as core business values which represent our obligations to society and business stakeholders, as well as ourselves:

- Compliance with all applicable legal and other requirements, and dedicated to performing our work in the safest practical manner throughout its operation, consistent with best industry practice that satisfies customer expectations.
- Communicate openly with all interested parties on matters relating to occupational health and safety and the environmental performance of the company.
- Prevention of pollution, the measurement and reduction of environmental impact detrimental to the environment; through the assessment of environmental effects before commencement of operations; is of primary importance to the company.
- The conservation of resources and recycling of renewable resources.
- The safety of employees and third parties remains paramount over all other interests and demands.
- The provision of information for safe and efficient operations, to empower and educate our workforce and trust in a consultative process that maximizes our human resources.
- Setting and reviewing objectives and targets as they are required, and performing regular review of Management System performance for continual improvement;
- We recognize our accountability for the care and safety of each other at work and the consequences of our actions on others off-location.
- We hold all levels of management accountable for health and safety matters in their areas.
- All employees have a duty to act in accordance with this policy and within the interests of the environment, occupational health and safety in general.
